## MANY PHYSICIANS ARRESTED

### PROMOTERS OF CRIMINAL PRACTICE TAKEN INTO CUSTODY

#### NATION WIDE MOVEMENT STARTS AGAINST RACE SUICIDE METHODS

(By Associated Press)

WASHINGTON, Nov. 20.—Post-office inspectors and United States marshals in 72 leading cities of this country began today practically simultaneous raids and arrests of 173 persons, charged with using the mails to promote criminal practices for the sale of drugs and instruments used for illegal purposes.

Officials say the Pacific coast is the hotbed of this sort of immorality. Among the arrests scheduled are San Francisco 7; Oakland 8; Los Angeles and San Jose 3 each; Alameda 2; Sacramento, Petaluma, Fresno and Glendale 1 each. Dispatches from many cities report the

arrests made.

**San Francisco in Line**  
SAN FRANCISCO, Nov. 20.—The federal officials arrests will be made here late this afternoon.

**Three for Los Angeles**  
LOS ANGELES, Nov. 20.—Three women practitioners were arrested here and one doctor at Fresno.

**Portland Has Five**  
PORTLAND, Nov. 20.—Five physicians have been arrested here.

**Ten Arrested in Chicago**  
CHICAGO, Nov. 20.—Ten arrests were made here today by the postal inspectors in the nation-wide movement against persons advertising methods conducive to race suicide.

#### GERMAN WHO TERRORIZED POLICE NOW PATIENT IN THE HOSPITAL

(By Associated Press)

LOS ANGELES, Nov. 20.—Strapped to a cot at the receiving hospital, Carl Reidelbach, the German patternmaker who terrorized the central police station and vicinity yesterday by threatening to destroy the building and occupants unless Paul Shoup, president of the Pacific Electric company, was brought to him, said today he did not want to hurt any one about the station. He wanted to show Shoup the machine and tell him he was going to blow him up unless he raised the wages and improved the condition of his employees. If the promise was not given he intended to kill Shoup. He said he was alone in the plan and the machine was his own invention. It is believed Reidelbach's skull was fractured from the blow of Detective Hosicks. He seems rational, Physicians say he is a monomaniac.

ed to show Shoup the machine and tell him he was going to blow him up unless he raised the wages and improved the condition of his employees. If the promise was not given he intended to kill Shoup. He said he was alone in the plan and the machine was his own invention. It is believed Reidelbach's skull was fractured from the blow of Detective Hosicks. He seems rational, Physicians say he is a monomaniac.

#### SAYS OFFICIALS WERE PRESENT DISCUSSION DYNAMISING JOBS

(By Associated Press)

INDIANAPOLIS, Nov. 20.—Eleven officials of the International Association of Bridge and Structural Iron workers were accused by Patrick Dugan at the dynamiting conspiracy trial today of having been present when the blowing up of non-union jobs were discussed.

Dugan was former treasurer of the local union and said at a caucus over the election of officers to the association Hockin had stated he had lost his position because he was indicted and had induced McManigal to cause an explosion at Detroit. For this reason Hockin wanted a place on the executive board. Dugan said President Ryan and ten other officers were present when Mrs. Mary Carroll testified of an unsuccessful effort to procure a receipt for blowing up a non-union job.

#### LUNING MAKES MANY SHIPMENTS TO THE SMELTER

TONOPAH MINING MAN DE-CLARES DISTRICT HAS A GREAT FUTURE

That Luning is destined to become one of the principal copper mining camps in southern Nevada is the opinion of every mining man who has visited this section. C. W. Fletcher of this city, who spent some time in the district, has returned to Tonopah and is optimistic over conditions as he found them. Shipments are being sent to the smelter at Wabuska with astonishing regularity and each succeeding shipment brings better returns, as the ore is obtained from greater depth. A dozen or more properties are working and practically every operator, whether he be owner or leaser, is working in ore.

The copper values predominate with small silver values showing. Nine carloads have been sent out recently and Mr. Fletcher declares that another ore car will leave Luning tomorrow. Quick and satisfactory returns are obtained from the smelting officials who are assisting in every way to encourage the operators.

The Shipper company, operated by Frank Everett of this city, is one of the leading producers in the district, and while a depth of only about 100 feet has been attained, the ore is increasing in value as the shaft is sent down. Dillabaugh and Wittenberg are both extracting pay rock and steady improvements are to be noted. Smith brothers and Quinlan are sinking their shaft on the ore, which carries silver and lead. Their property is just out of the copper zone. A hoist has been erected and further development will be carried on vigorously. A recent shipment of 40 tons gave returns of about 1000 ounces of silver to the ton. Further shipments of the same quality of ore will be made as fast as it can be extracted.

Plymire and Ratcliffe, operating on the Vacation group in New York canyon, have shipped nine cars this year and are now preparing to send the tenth car to the smelter. This property is reckoned as one of the leaders in the Luning district and is held under option by Fred B. Weir of this city.

Mrs. Herming, a Mexican woman, who owns valuable property in the district, has recently let three leases. Ore from the leases has given assays as high as 8 per cent in copper.

Dr. Plymire, in addition to his mining interests, owns a valuable marble quarry situated about two miles from Luning. He has loaded a car with the marble extracted from the quarry which will be shipped in a few days to San Francisco. The marble is of an excellent grade and it is expected that the initial shipment will be followed by many orders from the coast dealers.

Fletcher has mining interests in the Luning district and he is now arranging for the resumption of work on the property he controls.

#### TEN HORSE TEAM TAKES FRIGHT AND RUNS AWAY

The ten-horse team of the Wittenberg Warehouse company took fright while standing in front of the Richard Mercantile company this afternoon and started on the run down Main street. At Brougher avenue the leaders swung to the left and after negotiating the turn two of the horses fell. The remaining animals stopped and bystanders assisted the driver in quieting the frightened team and restoring the fallen horses to their feet. No damage was done, except to a motorcycle standing near the sidewalk at the State Bank building, which was somewhat bruised.

#### KNOX INTERESTS CONTROL BOARD OF THE PRINCE CON.

OLD DIRECTORS RESIGN AND NEW BOARD CHOSEN AT SALT LAKE

By the action on Monday afternoon by the board of directors of the Prince Consolidated company, the new interests recently acquiring the control were elected to fill the vacancies occasioned by the resignation of several directors and President James Hackett. Charles E. Knox was selected to fill the vacancy thus created, and is now the president of the company. Mr. Knox is one of the best known mining men and capitalists of the western country, being closely identified with the banking life of Nevada, and serving as president and director of several of the well known mining companies of that state, says the Salt Lake Tribune.

The resignations of Directors Ernest L. Godbe, Anthony H. Godbe, Henry Sadler and J. P. Megath were submitted at the meeting of the board on Monday, and the following were elected directors in their stead: Charles E. Knox, William H. Webber, John A. Kirby and A. Y. Smith. Mr. Webber was one of the original owners of the Nevada Hills property of Nevada, serving for four or five years as general manager and member of the executive committee. John A. Kirby is far too well known in Utah and Nevada as one of the most successful of the many Utahans who have made good in a substantial way during the past few years in the sagebrush state to require any further introduction to the west. A. Y. Smith is the general manager of the Prince company since the Knox interests assumed control two months ago, and it has been under his direction that the property has been demonstrated to be exactly as represented by the former owners of control.

This official assumption of the control of the Prince destinies establishes the consummation of a deal that has been pending for many months, and it is the universal opinion of stockholders that the Prince is to be conducted along lines of great production, for being a low-grade proposition it necessarily demands large production and a multiplicity of small profits.

Messrs. Smith and Webber stated to the Tribune after the meeting on Monday that the mine has been shown beyond all question to hold resources sufficient to meet these conditions, and that it was a huge manufacturing concern which the new owners would handle to bring about early and generous profits.

The property at the present time is shipping an average of 350 tons of ore daily, and the cost of production is being brought down steadily in such a fashion that it should not be long until the figures early estimated in this regard are attained, which will mark the Prince Consolidated as one of the lowest cost producers of the west.

Murray C. Godbe will continue as secretary and treasurer of the company.

#### MRS. ELLA SHEERIN WILL BE TAKEN TO COMSTOCK

Mrs. Ella Sheerin, mother of Mrs. Chris Vucanovich, who has been ill in this city for the past few months, will be taken to Virginia City tomorrow morning's train. Ed Sheerin, a son, arrived Monday from the Comstock, and will accompany his mother back to her old home. Mrs. Sheerin has been failing for the past year and it has been deemed best to remove her to Virginia City for the winter, as the weather is not as severe in that locality as it is on the desert.

#### BOY SCOUTS COMPANY FORMED IN TONOPAH

ORGANIZATION PERFECTED AT MEETING LAST NIGHT AT EPISCOPAL CHURCH

Tuesday evening a meeting was held at St. Mark's rectory for the purpose of organizing Boy Scouts in Tonopah. Twenty boys have united in requesting Rev. George Gallup to head the movement and many recruits are expected.

The boys unanimously elected Andrew Robins, formerly of the Inniskill dragoons, to drill them; Professors Yoder and Smith, Truant Officer Scott, and other gentlemen who have had experience in the movement, have promised their assistance.

The plot of land behind St. Mark's rectory, which, though now used as a thoroughfare, will shortly be fenced in and leveled and will be utilized as a drilling and athletic ground for the boys.

The Boy Scouts were first organized by General Baden Powell after the Boer war, and the movement has met with world-wide popularity. Companies of Boy Scouts are now formed in Reno, Carson, Fallon and several other cities in this state. The movement is growing and an organization can soon be expected in every community in Nevada.

#### WANT HIGHER QUALIFICATIONS FOR ATTORNEYS

NEVADA BAR ASSOCIATION AP-POINTS COMMITTEE TO LOOK INTO MATTER

At the meeting of the Nevada Bar association, recently held at Reno, the committee on admissions to the bar, composed of Robert M. Price, R. C. Stoddard and Alfred Chartz, recommended higher qualification for admission to the bar, about as follows: That when an applicant had passed his examinations in a law school of good standing, after three years' study, he must still work at least one year in a lawyer's office of good reputation before he can be admitted to practice law in Nevada; if the applicant's studies have been confined in a lawyer's office for the full period of four years, he may be admitted without further qualification, upon a strict examination by the board of examiners and their recommendation, and further examination by the members of the supreme court. This assumes to place actual work in a lawyer's office as superior to theoretical study in a law school, merely.

Applicants for admission upon certificates of other states, under the rule of comity of courts, are to be admitted, if their rules require as full and fair an examination as ours; otherwise they must pass the regular examination.

Enquiry as to the moral character of the applicant is also made stricter; the applicant must produce affidavits as to his good moral character, as a person of honesty and integrity.

In England no person will be admitted as a counsellor at law, no matter how learned he may be, until after he has served three years in a lawyer's office. Judah P. Benjamin, attorney general of the southern confederacy, had to serve before his admission.

Location notices, certificates of location and proofs of labor blanks for sale at the Bonanza office.

#### LONE FLOATER HANDED OUT IN POLICE COURT

YOUTH WHO IMPERSONATED OFFICER IS ADVISED TO DEPART FOR NEW SCENES

Carl Miller, who was arrested Monday night on a charge of impersonating an officer, was tendered a polite invitation yesterday by Judge Atkinson to shake the dust of Tonopah from his brogans and strike out for pastures where his talents might be more appreciated. Miller was wearing a star belonging to a Los Angeles deputy sheriff, and with the aid of this insignia he had but little trouble in obtaining drinks in various saloons.

A charge of vagrancy was placed against him and after being found guilty by Judge Atkinson was sentenced to serve 30 days in the county bastille. The execution of the sentence was postponed until today and in the meantime Miller was allowed the opportunity of leaving town. From last reports he had quietly taken his departure.

Miller, at the time of his arrest, asserted that he was the son of a Los Angeles banker, but this claim was not substantiated yesterday, nor did he volunteer additional information relating to his antecedents.

#### CLAUS SPRECKELS SUED BY THE U. S. GOVERNMENT

(By Associated Press)  
NEW YORK, Nov. 20.—Papers were served on Claus A. Spreckels today in the government suit to recover over \$119,000 back duties alleged to be due on the importations of raw sugar, said to have been fraudulent underweighed.

#### BULGAR TROOPS ORDERED TO CEASE FIGHTING

(By Associated Press)  
SOFIA, Nov. 20.—The Bulgarian troops operating before the line of fortifications defending Constantinople at Tchatalja have received orders to cease fighting and merely hold the positions they have won, as negotiations have begun for a conclusion of the armistice at the request of Turkey. All reports that Turkish troops have gained victories over the Bulgarians are declared untrue at the war office here.

#### NEW UNITED STATES TREASURER IS NAMED

(By Associated Press)  
WASHINGTON, Nov. 20.—Carmel Thompson was appointed treasurer of the United States today to succeed Lee McClung who resigned. Thompson will assume his new duties tomorrow. Charles D. Hilles will succeed him as secretary to President Taft.

#### SOLLENDER IS DECLARED NOT GUILTY BY JURY

The case of W. B. Sollender, charged with assault and battery by Mrs. Lottie Corranke, was tried today in the justice court before Justice of the Peace Atkinson. The case was continued over from yesterday. A jury trial was demanded and the case went to the jury this afternoon. At 6 o'clock the jury returned a verdict of not guilty.

#### TRUST CASE RESUMED

WASHINGTON, Nov. 20.—After a three-week recess, Henry P. Brown, examiner appointed to take testimony in the suit of the government before the New Jersey federal court to dissolve the United States Steel corporation as violator of the Sherman anti-trust law, today resumed hearings here.

Dr. Francis Walker, deputy commissioner of corporations, was the first witness called by the government. He was questioned about data gathered from reports and investigations of the steel corporation.

Proof of labor blanks for sale at the Bonanza.

#### W. S. JOHNSON TAKEN TO COAST THIS MORNING

PIONEER WILL BE PLACED IN SANITARIUM TO RECOVER FROM HEART ATTACK

W. S. Johnson, the Tonopah pioneer, who has been seriously ill with heart trouble for the past week, was taken to the St. Helena sanitarium this morning. He was accompanied by Charles J. Enquist. Johnson has been ill for the past week, and it is believed the change to a lower altitude will prove beneficial in his case.

Johnson came in from his Hot Creek ranch about a week or ten days ago and has since been confined to his bed. While his condition is not believed to be critical it was urged that he be taken to California as the change would prove instrumental in effecting a recovery.

#### SERVIANS AND TURKS EACH LOSE 20,000 IN FIGHT

BOTH SIDES EXPERIENCE HEAVY LOSSES AT FALL OF MONASTIR

(By Associated Press)  
BELGRADE, Nov. 20.—In the battle which preceded the fall of Monastir, the Turks lost 20,000 killed and wounded and the Serbian casualties were as heavy.

It is said the Turks did not surrender but fled when the Crown Prince formally entered the city.

#### ROOSEVELT'S PLURALITY IN CALIFORNIA IS 104 VOTES

(By Associated Press)  
SAN FRANCISCO, Nov. 20.—The latest tabulation of the state vote makes Roosevelt's plurality 104.

#### NEW SUBJECT DISCUSSED BY DELEGATES TO A. F. OF L.

(By Associated Press)  
ROCHESTER, N. Y., Nov. 20.—The American Federation of Labor took up today the subject of organization by industries rather than by trades.

#### JAMICA TOWNS DESTROYED BY HUGE TIDAL WAVE

(By Associated Press)  
KINGSTON, Jamaica, Nov. 20.—A tidal wave is reported to have destroyed the towns of Sanannala, Mar and Lucea. Forty-two are reported killed by a hurricane at Montego Bay.

#### RUSSIAN CRUISER IS RUSHING TO PALESTINE

(By Associated Press)  
ATHENS, Nov. 20.—Reports of massacres in Joffa, Palestine, has caused the Russian cruiser Oleg to depart hurriedly for that district.

#### FAVORS FRATERNITIES

WASHINGTON, Nov. 20.—That college fraternities have a right to exist in state universities, because they are natural social organizations, was today urged by Professor R. H. Hughes, acting president of Miami university, at the second day's session of the National Association of State universities.

"The fraternities are a natural development among the students," said Professor Hughes, "and have not been fostered by any external force." Dr. Robert J. Aley, president of the University of Maine, urged that the responsibility of university management be placed on the students.

#### FIRE OCCURS AT ASSAY OFFICE OF TONOPAH EX.

BLAZE QUICKLY EXTINGUISHED AND DAMAGE IS VERY SMALL

A defective gasoline burner in the assay office of the Tonopah Extension company set the roof of the building ablaze shortly before the noon hour today and an alarm was sent in for the paid department. The blaze, however, was extinguished with the aid of the mining company fire fighting apparatus, with the damage being slight.

The entire roof of the building was ablaze at the time the mine whistle sounded the alarm, and the mine and mill employees strung a line of hose and made rapid progress in extinguishing the blaze. When the department arrived after a quick run the blaze was practically out.

This is the second time the assay office has caught fire during the past year, but in both instances the damage was light.

#### FOUR GUNMEN TO BE SENTENCED NOVEMBER 25.

PRISONERS WILL THEN BE TAKEN TO SING SING FOR EXECUTION

(By Associated Press)  
NEW YORK, Nov. 20.—Sentences of death on the four gunmen, convicted of the murder of Herman Rosenthal, will be pronounced November 25, it was announced when the prisoners were arraigned today. After sentence they will be taken to Sing Sing where Becker is awaiting death for instigating the murder.

#### TONOPAH VISITED BY A LIGHT SNOWFALL

Tonopah was visited by a slight snowfall last night. The fall occurred shortly after 8 o'clock and was sufficient to barely cover the ground. A high wind at the same time made it very disagreeable for pedestrians, while the intense cold brought home the fact that overcoats should never be pawned in the winter time. The snow completely disappeared during the night.

#### ART SALE FOR BENEFIT OF TONOPAH PUBLIC LIBRARY

An art sale will be held in the public library next Saturday evening. The articles to be sold include pictures, needlework, art rugs, hammered brass, bamboo baskets and hand decorated china and Christmas books. All who wish to secure choice and artistic Christmas presents should visit the art sale on Saturday evening or Sunday from 11 a. m. to 4 p. m. The proceeds of this sale will be devoted to buying new books. Don't forget it! On Saturday and Sunday.

#### ELKO HAS HAD ONE FOR MANY YEARS

The Tonopah Bonanza in a recent issue claimed that a Parents and Teachers' association formed last week in Tonopah, was the first organization of its kind to be formed in the state, says the Elko Free Press. Elko has a Teachers and Parents' association in active service for the past three years, which meets once a week during the school term, and it is due to their efforts that many of the advantages now enjoyed by the pupils were put in.

Certificates of location on sale at the Bonanza office.
